Dear Families

## GCSE Revision Guides

A number of subjects advise students to purchase GCSE revision guides to support students in preparing for their exams. We have summarised below the guides that will be available to purchase through school this year and the price. It is usually cheaper to purchase revision guides through school, as we can order them in bulk, therefore offering revision guides at significant discounts.

The revision guides below are all available to purchase on the Bromcom app. Please note that some subjects advise students to purchase revision guides in Year 9 to use throughout the course, other subjects use revision guides just in Year 11 towards the end of the course. Please check carefully below which guides are required for your child, and advise them to double check with their subject teachers if they are unsure.

Once guides have been paid for on the app, students can come and **collect them from the library** or parents can arrange collection from Main Reception. Revision guides will not automatically be distributed to students once the payment has been made, they will need to be responsible for coming to collect them.
